Telstar High School

Bethel, ME

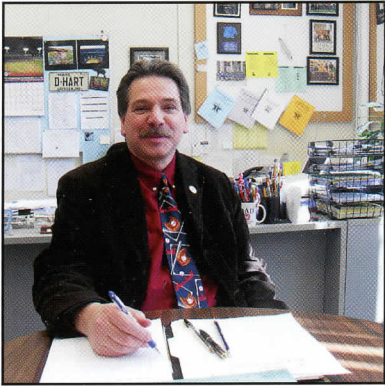

Dear Telstar Students,

Congratulations to the Class of 2010 on their many accomplishments during their years in our school district. I hope you will all join me in wishing them well as they leave us to begin a new chapter in their lives.

The group that this class leaves behind is a talented and dedicated one. The individual and collective efforts that have been made at Telstar this year have been impressive in many ways. From success in academics and athletics to a positive attitude and a heightened awareness of the importance of community service, Telstar has a great deal to be proud of. Thanks to all of you for your many efforts and best wishes for continued success in the years to come.

Sincerely,

David W. Murphy, Ed.D.

To the Class of 2010

As you make your way into "the home stretch" of your high school career and graduation, may you take time to reflect on your many moments at Telstar High School. Step Up Day. Your first week in high school. Satellite meetings. Homecoming Week. Mahoosuc Arts Assemblies. Winter Carnival Week. Basketball games. New Friends. Open Lunch. NWEA's. SAT. Career Planning. Career Week. Your first paying job. Region 9 School of Technology. Earning a driver's license. Laptops. Senior Presentation. And, much more as a Telstar Rebel!

I wish to extend my appreciation to each of you, for your contributions, both as a student and citizen, at Telstar High School. I hope you leave high school as more confident, a risk taker, a team player, a leader, and a more creative individual.

You will experience hardships and challenges in your future. However, may you be resilient and bounce back. More importantly, may you achieve everything you attempt in life.

Best Wishes and God Speed.

Mr. Daniel O. Hart, Principal

A teacher and friend of mine shared these words with me. I would like to share them with you.

People are illogical, unreasonable, and self-centered. *Love them anyway.* If you do good, people will accuse you of selfish ulterior motives. *Do good anyway.*

If you are successful, you will win false friends and true enemies. *Succeed anyway.*

The good you do today will be forgotten tomorrow. *Do good anyway.*

Honesty and frankness make you vulnerable. *Be honest and frank anyway.*

The biggest men and women with the biggest ideas can be shot down by the smallest men and women with the smallest minds. *Think big anyway.*

People favor underdogs but follow only top dogs. *Fight for a few underdogs anyway.*

What you spend years building may be destroyed overnight. *Build anyway.*

People really need help but may attack you if you do help them. *Help people anyway.*

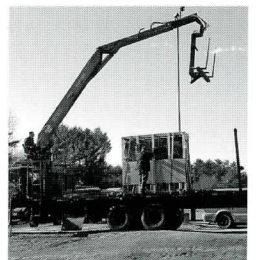

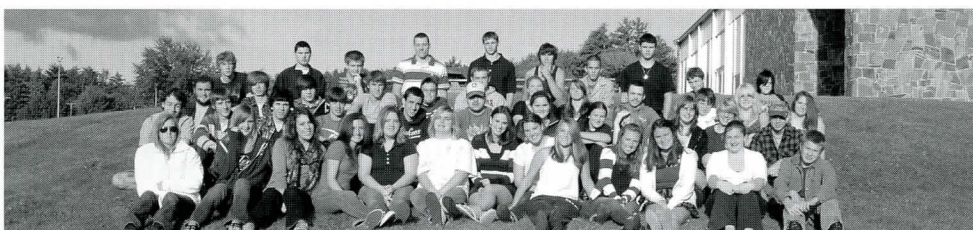

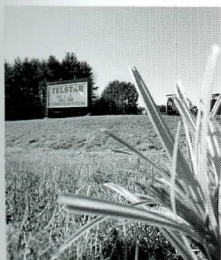

Give the world the best you have and you'll get kicked in the teeth. *Give the world the best you have anyway.*

Wow, High school has flown by so fast. It has been a great adventure and I am going to miss it and everyone involved. I remember freshmen year was so intimidating to me and then came my sophomore year that was great and so much fun. That was the year me and my high school sweetheart got together (Jacob B) also the year Isaac got me my first lunch detention in English class. Not to mention it was the year of a new friendship with Kelsey W. We have been friends since and we were always making funny jokes and always laughing. Then came my junior year which was full of WORK. Also I remember all those crazy times with Christian M, Amber D, and Alexa E. We were all so close through out our middle school and high school years. Then my senior year was just something to remember.

I'd like to start off by thanking Mark and Brenda. You took me in and raised me to the best of your ability. Your support, advice, and love is evident in the person I am today. Mom would be so proud of you and I. I'd also like to thank my sisters, Amber and April, for sticking together to conquer the battle that we did. Taylor, where would I be without you, as a sister and my best friend. Kyle we have grown so close in the last few years and it is great to have you by my side. In addition I'd like to thank Coach Gail Wight for inspiring as well as pushing me as an Athlete, FH

09' was an amazing journey and we could not have done it with out each and every one of you girls. And lastly, Mom. You would be so proud of me, I miss you, and I love you so very much. Here's to the class of 2010, may all your dreams come true. Believe!

I don't really know how to say this but these past four years haven't really been all that bad. There's times, like recently, when the work load has just been too much and I just can't seem to get enough sleep, but looking back on it all, it really hasn't been that bad. I want to thank my friends and family for helping me get through these years. Thank you to all my teachers and peers for being there for me when I really needed you. Especially Kara, who even helped me write this thing. Go class of 2010!

Midget school, middle school then now high school. Next will be college. Life has been a learning experience with so many challenges. We all think it's simple. The truth is, there is a reason why our parents are there for us. To guide us, love us but most importantly; help us with our journey through the first chapter of our lives. I will always remember the amazing memories I have received from both schools aka Messlaonskee now Telstar. The most important things I will remember is to never be shy to ask for help, stand your ground with what you believe and live life to its fullest. I just wanna say congratulations to the class of '10. We've finally made it. Now embrace your lives and live for the moment."A person who never made a mistake never tried anything new."

I can't believe that I'm finally here, ready to graduate and move on with my life. These past few years here at Telstar have been interesting, to say the least. I have had many good times and bad times while being in this school. I've made many friends that I have had the best times of my life with. Great times with all my best friends, Keith, Evan, Caleb, Josh, Kira, Desirae, and Jenna. Summer 09 was the best. All the times we hung out in Andover and just dubbed, and I can't forget about all the times me and Keith went riding at the track. I wouldn't trade what I've experienced for anything. All the teachers that told us our class was the worst thing they have dealt with, well we made it. I now feel like I'm ready to take on the challenge of the rest of my life.

"Our deepest fear is not that we are inadequate. Our deepest fear is that we are powerful beyond measure. It is our light, not our darkness, that most frightens us. We ask ourselves, who am I to be brilliant, gorgeous, talented, and fabulous? Actually, who are you not to be? Your playing small doesn't serve the world. There's nothing enlightening about shrinking so that other people won't feel insecure around you. We are all meant to shine. It's not just in some of us, it's in everyone. And as we let our own light shine, we unconsciously give other people permission to do the same. As we are liberated from our own fear, our presence automatically liberates others" ~Nelson Mandela

Wow I can't believe it is almost over. Senior year came so fast it's hard to picture me not in school. I'm going to miss all the crazy stuff that my friends and I have done like me chasing Molly down the hallway and her running right past a teacher and when I ran past the same teacher i got in trouble. LOL I'm also going to miss picking on Mrs.Olson. Good Luck and hang in there under classmen graduation comes faster than you think. Peace Out!!

Mom and Dad, what would I ever do without you. You guys have been there for me every step of the way, you've been not only my parents but my best friends. You have pushed me to be who I am today, and I thank you so much for that. Wherever this next step in my life takes me I know that you guys will be there cheering me on, just like you always do. Thank You so much I love you both so very much! I would also like to thank my friends, they have been there through all the hard times, and there have been some tough ones, but we made it through them, we've also had some of the best times of my life. And the Field Hockey Girls of '09! What an amazing season we had! We couldn't have done it without every single one of you. Congratulations to the Class of 2010, what an amazing journey it has been, and best of luck on your future endeavors. Keep on Keepin' on!?

Man, going through high school is like freshman one day and senior the next. Though there are only 4 years of high school it doesn't feel like much time at all. There is a message I would like to give the underclassmen, when you get tired and don't want to keep at school trust me it is a very important part of your life and you'll be glad that you went through with it. Also don't be quiet and keep to yourself, trust me you'll be happy when you have friends to help you through your troubled times. I also have a message to a select few underclassmen, when you guys are in trouble with school and need some help you can help each other out.

Christina Morin

All of my friends know who they are, I have no reason to list them. High School is just the beginning of your life and now it has ended for the class of 2010. Like most, I am going on to college and going to have a fresh start. It will be like Pre-school all over again. I couldn't of done it without my Friends and Family. I Love You Graden Loton Hutchinson and I Love you Mom and Dad, you are all the best!

Coleman Gross

I'd like to thank all of my teachers for putting up with me as long as they have. Especially Robin Fraser who kept me on track and on task with my work, I am truly grateful. I remember my freshman year I was one of the shortest kids in the class and now I'm taller than most of my peers. The best part about being at Telstar had to have been the epic hackey sack circles we had at lunch and playing guitar in the hallway. Thank you Mom and Dad and Gramp and Gram for all of your encouragement and advice throughout my high school years, I couldn't have done it without you guys. These four years have gone by in the blink of an eye but I will always remember this school. "Totes"

Desirae Cox

Des, movies together and trips in the car were fun:) Evelyn, thanks for the bus rides. Andrea I love you. Mariah, we've been best friends since we were 5..ya that's a long time. Thanks for everything. Kira, Telstar's been a trip and I'm glad I had you along for the ride. KeithMo Andrew Trev Evan & Mason. Friday's nights, and bonfires on the lake. FieldHockey09 <3! Tiff, you're one of a kind. Dance & the Jordan's. Kenney, Bennett, Morton. To everyone else, stay in school and get there on time, lay off all the texting. Laugh a lot, but get your homework done. Drive safe and have some fun. Late night trips to Denny's and Wal-Mart really are worth it. "Life moves pretty fast. If you don't stop and look around once in a while, you could miss it." My time in this school is over. I can't believe it is finally here I can't wait for the future. These four years in high school have been something to remember I will never forget my soccer team we have had some crazy years boys. These years would have sucked if I didn't have my two best friends Joel Putnam and Sam Largess you two made my high school career fun and entertaining I love you two dearly. To my beautiful girlfriend Katie Blaszcak you made this year the best one ever for me I love you. The big trio, Cig (Corey Howard) Big Jig (Joel Putnam) Zig (Zach Brands) and Kwamie Brown (Dominic Haines) I love you all, many memories boys I will never forget them. Well, my time is done here and it is now time to move on good-bye Telstar.

Lets make this short and sweet, first off, I'd like to thank my parents, for always being there and making sure I'm on the right track. Second, my friends, you know who you are, Keith, Andrew, Josh, and last but not least my hometown family, Jeremy, Joel, Caleb, and Ethan, I will never forget you guys. We've had a lot of good times, and I sure hope they don't stop after school. I would also like to thank everybody from all my years in Cross-Country including Gary Wight, Dan Crooker, Adam Mahar, and Ben Lewis.

Felicia Dumont

In my time away from B Town I realized what great bonds and family I have here. My mom and dad have been the most supportive incredible parents a daughter could ask for. They are the backbone to my success and happiness. My brothers have been such great role models, and have provided some good laughs and great memories. I love my family more than anyone could ever imagine, so thanks for everything. I want to say thanks to Tommy for being an incredible guy, and always being there to make me smile, I love you. Gus you're the PB to my J, you're an unbelievable friend. MT no matter where I go we're neighbors for life.. SL you've given me some great T-star memories, I hope we never loose contact. To all the FH girls, you are amazing, and you did me proud this year! I have had some really amazing moments in my life that all took place in this little town at this little school, with these amazing people: " Food is my equivalent to pornography"

We made it!! I can't believe we have gotten this far. Through the good times and the bad times, I will remember Telstar High School forever. All of the good times and great friends. Things I will remember are the wonderful Melody Royer, all my really superb teachers including three straight years of Ms. Poston, two years of frightening Mrs. Southam during labs, and all the wonderful athletic coaches I've had. I will also never forget my four years with Mr. Bennett's home room, even though we were more of a big dysfunctional family. I had great times with all my friends and am excited to move forward, but sad to leave you all. Things I'll miss are my mom packing my lunch, Junior prom, and getting into trouble with the boys. Big thanks to my parents for supporting me through high school I couldn't thank you enough.

Jacob Berry

Wow the years have flown bye so fast so many memories of Bradi, Toby, Josh, and me at lunch stealing our bench from the freshmen. Wow that was fun! Also Mrs. Olson always on my case about me and my coffee I will never forget that famous quote "You Can't Have That Coffee Don't You Read The Hand Book" I don't know how many times she told me that and I never listened. Every year being in Mr. O'Connor's room always working on something. Always getting out of class to help a friend that's having a bad day. Also going home early and skipping Ms. Poston's class. HaHa

Congratulation to the Class of 2010 it's hard to believe that the four years of High School has gone by this fast . Good luck to the Class of 2010

R. Joshua LaCroix

I would like to start by thanking my mom and dad for all they have done helping me get this far in school. I also would like to thank my grandparents Norman and Jean Millett. Gramp for trying to teach me his unending knowledge, and helping me decide it would be ok to stay another year so I can go to Region 9 and hopefully get my CDL, and take Forestry I, and Ninny for feeding me all those times when I was down to your house, and making brownies just the way Gramp and I like them. Nana and Papa from VT thank you for always being there for me and supporting me"you're a genius....do it again!?" - Jeff Dunham

Kara Zadakis

I've started this thing a million and a half times, and still don't know how to say everything I want to say about the last four years of my life, words can't really explain it. It's been quite the journey, but we've finally made it. For some, the journey will be a little shorter, for me, maybe just a bit longer. Graduation, and I'll be last, of course. Yay alphabetical order... Way to be. But as for these four years? I'll miss them. All the laughs, the jokes, the tears, and those long stressful days filled with homework. It was all worth it. All those people I'll never forget, from my friends to my teachers, these people really taught me a lot these past four years, and I thank them all. Keep on keepin' on!

Keith McDonald

Senior year can't believe it's here these past for years have flown buy. I'd like to thank my parents and my girlfriend for all their help and encouragement. I'd also like to say thank you to Mrs. Forman for never giving up on me, and her support when it came time to write my senior paper. These past 4 year have been challenging, exciting, and agonizing! I'm defiantly going to miss this place! lets go 2010 !!

Keith Morin

Yeah friends. They've been there through it all. In the last couple years the girls have been there with me. Mariah, Desirae and Kira are my girls. They're usually there for me when things go bad and help me through it. Trevor keep singing.

Kelsey Wallace

Wow, it's crazy how school goes by so fast when you're not paying attention. When I first moved to this school, I was wicked shy and didn't really talk to many people. It was scary going from a school you know so well, to one you know nobody in. Now, I basically talk to everybody! So many memories to remember. Alyssa C, we ARE the best football managers. Nobody else would make their team food for after the games and do everything we are asked to do, even if we don't really have to do it. Christina M, we have way too much fun in school. Lunch is crazy. We need to study more instead of laughing so much! You guys are the best. I wanna thank everyone else for such a great experience at Telstar. It's been a lot of fun. "Look at everything as though you were seeing it either for the first or last time. Then your time with others will be filled with happiness."

Kira Szalma

We finally did it guys! Mom and Dad thanks for supporting me in everything. Zach maybe someday our sibling rivalry will end. Like the Beatles, I get by with a little help from my friends without them I don't know what I would do. MRiah & Rae, I don't even know where to start, we had the BEST group costume, the coolest hang out Des's room, our trips to Portland are always an adventure. FROGGER?! Uhm what is the best reaction to seeing a deer get hit, my first guess wouldn't be laughing! Who doesn't love a camp-out in Andover? How could we possibly forget about our soap fight? Andrew, Keith Mo., Evan, TomCon, and Drewbie, gotta love these boys. Dealing with Poston for three years straight was a task, Morton's class was the only time in my life I've ever been so organized, Mrs. B there has never been a dull day in chorus. Underclassmen, put aside all your differences and make the best of your time here cause it goes by faster than you think.

Kristilee White

Can't believe we are seniors. I can't say it went by fast because I can still remember those days that seemed like they went on forever. Thanks Mom for always being there and taking care of me. I couldn't have done it without you. Thanks Dad for always making me laugh even when I didn't want to. I can't forget about Karen. Just think you won't have to deal with me driving you to school anymore! I Love You guys! The most missed memories we'll be lunch time in mom's office hanging with Randy and Seth and the dances. I also want to say thank you to my friends for making these four years something to remember. Seth you was always there, like I had much choice we had homeroom together forever. Jaymee and Rocky, you made those long school days not boring! Randy you made lunch a ton of fun. I can't forget about my middle school kids at MKA, I'm definitely going to miss it. It was fun watching you guys grow up. "No Guts No Glory"~ Uncle Joe.

Lindsay James

Rob & Heid your love and support has been surreal, my appreciation for that is endless. TyJ love your life and the opportunities that you're given, try to keep Mom and Dad sane while I'm gone, and remember I will always be here for you. Kimberlei - it's been the best four years with you by my side, come visit me next year I'm going to miss you! Slam and Tee - we've literally been together since day one and I'm sad to see things change. I know we'll always stay in touch and I hope you two follow your dreams and never let anyone put you down. To the Field Hockey Girls - I could not be prouder of the way things turned out these last four years, I love your passion, dedication and heart to the team. Keep the tradition going! The Class of 2010 - let's celebrate in the name of all that doubted us. Good luck!

Mariah Bundy

Thank you mom and Bob for all your support throughout my four years in high school. You are the best parents that I could ask for. I love you both. Desirae and Kira my high school life wouldn't even exist without you two. From "hanging out" at Desirae's house almost every weekend to crying of laughter about the littlest things. Remember: my mom tripping up the stairs, the pickles, singing to the Spice Girls, road trip to Portland, hide and go seek in my house, movie nights, Crescent Park at night, camping on the beach, helium balloons, dressing up in cameo, ninja turtles, breaking Desirae's bed, Denny's, Wal-mart Trips and always being there for each other. Keith you are my best guy friend and always will be. Thank you to all my supportive teachers who have been there for me to talk to when I needed it and preparing me for my life out of high school. You know who you are. Field hockey girls much love. Lastly, good luck class of 2010!

Mason Mills

Wow, these four years have flown by so fast. Through all the good times, and all the bad times, I feel this has been a wonderful experience. However, it is only the tip of the iceberg, and our lives are just beginning. There is so much to do out in the real world, we can't be afraid to move forward and do it. "Life's what you make it, so let's make it right!" Yes, I quoted a Hannah Montana song in my senior writeup, but the meaning of the lyrics still hold true nonetheless. I can't go without thanking anybody and everybody who helped make this possible. Thanks mom, dad, Keith, Cheryl, relatives, teachers, Physical and Occupational therapists, Special Education teachers, Guidance counselors, and the doctors that saved my life March 15, 1993. I know we have all have worked towards this one goal. Well I have one thing to say, "We did it!!!!"

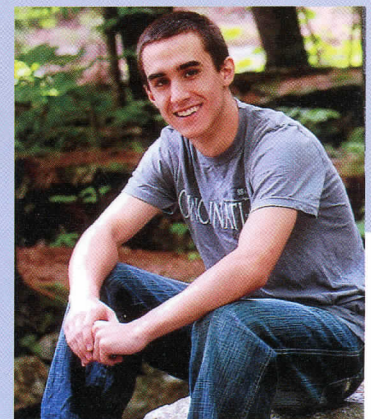

PS - I can't leave without mentioning my best friends. Tony, Mimi, and Cheyenne R!!!

Megan Bonney

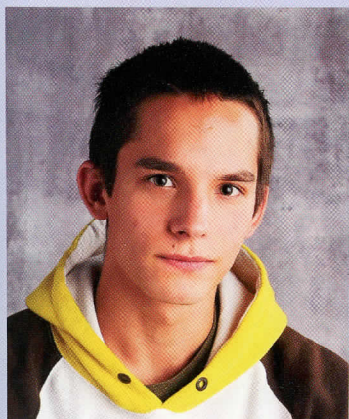

These past four years have truthfully been some of the best and worst of my life so far. I have met some amazing people, and had more fun than I could ever imagine. At the same time, things have happened that I hope will never be repeated. Mom, I have no idea what I would do without you, you are such an amazing mother and friend. Thank you Dad, you have always cared so much for me, Trent, you are such a little brother, but I'm glad you've been here. Molly, you have always been there to laugh and cry with me, thank you for being the best friend I could ask for. There is no way I could fit everything that I want to say in here, but I am so grateful to all of the friends and teachers I have spent too much time laughing with. To everyone that I have met here, you've made me who I am. These years at Telstar haven't been perfect, but I honestly wouldn't have wanted them any other way.

Michael Fitzmorris

Wow, it seems like the only thing that comes to mind to describe these past four years. Where all the time went I don't think any of us will know. One thing that I'm sure we do though, is that we will never forget it. There are so many things that I'd like to say, but most importantly, thank you. Thank you to my parents for all of their love and support, and my sister for always nagging me to get things done. Last but not least not only to my closest friends, but to everyone in the 2010 class for making it all unforgettable.

My years at Telstar have been a blur of the best and worst times I've ever had. I honestly can't believe I'm at this point already, and I owe a few people some thank yous. I'd like to thank my comrades for their endless help, whether that help is teaching me how to put together a chemistry formula or distracting me from all that longterm work with chocolate, mindless chatter and random, unplanned movie nights. Thanks to all the teachers that helped me along the way, or in Mr. Morton's case, toughened me up for college. To the parents and Matthew, thanks for dealing with me, i'll miss you. Megan, you've been my friend since before I could tell Collide from and Clyde and college isn't going to change nothing <3. And finally, to the class of 2010, we're here! It was fun, and good luck in the future. "Love all, trust a few, do wrong to know one." ~William Shakespeare~ (the one thing he ever said that I completely understood)

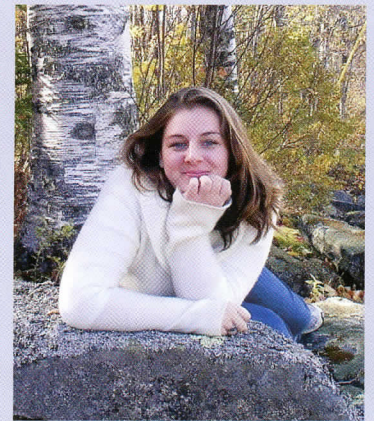

Nicholas Kingsbury

Over the years we have been together at Telstar, I have become closer to many of you, farther from some, and have remained neutral and unacquainted with far too many. And while I have many fond memories during my years here, I am more than ready to move on (I'm sure many of you share the same sentiment). Soon we'll all be off and gone, and I haven't the faintest idea of what to say. All I can really do is remember something which my experience here has taught me. And that is to always remember that both your troubles and your joys are only as real as your mind makes them. With this in mind, I say: Enjoy, class of 2010, farewell.

One day your going to wake up and all the big stuff, all the mile-stones you've been looking forward to, graduation, wedding, having kids, grandkids it's all behind you, it all over. All you have is a bunch of yesterdays and a few tomorrows....You have to have a tomorrow

Bon and Jimbo your immense support has been endless and I can not thank you enough. Jake and Adam your guidance has been unreal, I wouldn't be the person I am today if it wasn't for you two. To those I have left behind never forget your dreams and don't rush through high school, your time will come. As for the friends that have made my high school days unforgettable I thank you for that, and wish you the best of luck. May all you dreams come true. Class of 2010 it's been real, grow to your potential and lets put our mark on the world like we can.

I made it! We are finally out of here!

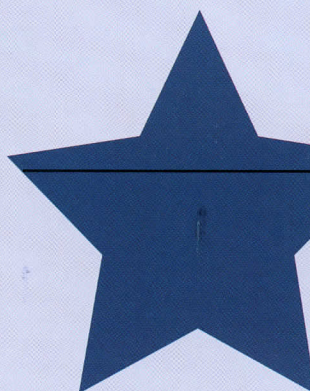

Playing football for the last 4 years has been great. I will never forget my helicopter ride to the hospital after getting hurt at practice.

I won't miss having to wait for Kristi to get out of my way at our locker since we have been in the same homeroom since 6th grade.

It's been great hanging with Jacob, Mike and Alysaa. It will be strange not hanging out in Brat's office at lunch time. Who else is going to get away with me calling her Brat and her calling me Turkey?

Mom & Dad: thanks for everything, you have made me so much stronger in many ways. We have made it through a lot, but have never given up. Bon, James, and Sam: thanks for all you've done. TB: don't rush the time you have left, you'll be gone before you know it. To the field hockey team: I am so proud of each and every one of you, stay strong. To the future graduates: always stay true to yourself and don't let anyone tell you that you aren't good enough. Now the class of 2010, its time to live your dream! Lets do this, and do it right.

Thomas Conroy

Within education, there is an interesting cycle. As you enter high school a freshman, you ponder what life will be like once you're a senior. Once you've finally climbed the ladder & taken that coveted throne, the wondering begins anew. You begin to wonder what being a freshman again will feel like the difference being that this time, you'll be out of the little pond of high school & tossed into the turbulent lake of college.

Upon graduating, it's tough to know what you'll take away from high school it's too soon to reflect, and too late to predict. Yet regardless, I feel like I'm walking away from Telstar in a positive light. I would be lying if I said that I loved all my time here, & I'd also be lying if I said I hated it but I guess that is simply life, riddled with glorious ups & horrible downs. There will be some faces I'll miss, some I won't, & a lot of things I won't soon forget. And so adieu class of 2010, until we meet again.

Trevor Kendall

These four years have been something else. Friends were lost, friends were gained, and many times things seemed hopeless. But the end result is well worth it. All the times doing not much of anything on the golf team really made time go by. So to the class of 2010, let these final days play out how you want them to. . . "Totes."

Tyler Aldrich

Thought is a key to all treasures; the miser's gains are ours without his cares. Thus I have soared above this world, where my enjoyments have been intellectual joys?(Honore de Balzac). To contemplate the future ahead, one must look to the past for guidance. In the future, there are questions to consider in a philosophical manner. There are problems to be solved using knowledge gained from learning. All these idealisms have been derived from the education we receive in high school. College is but another adventure, another place to study the unknown. It is those who help us through the building blocks of our life—who are more important than anyone gives credit—that make a lasting impact. My family and friends, my teachers and experiences—I hold them dear for all eternity. My greatest gratitude goes out to them for their work in making me who I am. Now I must take my leave, and as William Shakespeare said, "Forever, and forever, farewell, Cassius! If we do meet again, why, we shall smile; If not, why then this parting was well made."
